Dear Mr. Gummo:

I would like to take this opportunity to inform you about the provincial government's new Woodland Caribou Policy for Alberta. This policy affirms our commitment to achieve self-sustaining populations of woodland caribou in our province.

Partnerships and shared responsibility are an essential part of the new policy. With your help, we can have both caribou and jobs on the same landscape – if we take decisive action now. We look forward to working with you and other partners to develop plans and take on-the-ground actions for caribou conservation.

I appreciate industry's contributions in developing the new policy. As we take the next step to turn policy into action, I know we can make a positive difference for this threatened species. To review the new caribou policy and other information on caribou conservation, please visit www.srd.alberta.ca.

Sincerely,

Mel R. Knight
Minister
