IL 2013-13

Subject: Shallow Rights Reversion (SRR) Notices - Serving on Hold

This Information Letter replaces IL 2011-18.

Effective immediately, Alberta Energy is placing an indefinite hold on serving SRR notices for petroleum and natural gas agreements issued prior to January 1, 2009.

Alberta Energy will provide industry with sufficient notice if, at some future date, a decision is made to serve SRR notices.

This decision does not affect petroleum and natural gas agreements issued after January 1, 2009 as these agreements remain subject to shallow rights severance upon expiry – beginning in 2014.
