OPTIONS

Section 32 of the *Mines and Minerals Act* states “when an agreement expires or is surrendered or cancelled, the ownership of any wellbore in that location vests in the Crown.” You **MUST** receive **authorization** from **AE** before any operations resume in the wellbore, except for abandonment operations. If authorization is not requested and received, AE may regard any other operations as trespass.

1. MINERAL RIGHTS

- a) Rights are posted in the _____ (Date of Land Sale) sale.
 (E-mail to AER only, please include a copy of the Electronic Transfer System posting request). Appropriate Enforcement action if any will be delayed until after the land sale date.

<i>AFTER LAND SALE IF:</i>	<i>MUST NOTIFY AER WITHIN 48 HOURS AFTER LAND SALE:</i>	<i>FAILURE TO NOTIFY AER WITHIN 48 HOURS AFTER LAND SALE:</i>
Successful	Link the well to the new mineral agreement by submitting a well linking application through ETS. Provide a copy of the ETS linking application to LeaseExpiries@aer.ca . Any questions on how to link the well using ETS should be directed to AE at welladmin.energy@gov.ab.ca .	AER will issue a Closure Order to suspend the well licence
Unsuccessful	Complete and submit to the AER a new Declaration Document electing one of the following actions: <ul style="list-style-type: none"> • Transfer the well to the new mineral owner, go to 1(b); • Link the wellbore to another active mineral agreement for the related rights, submit an ETS linking application and provide a copy of the application to LeaseExpiries@aer.ca; or • Abandon the well, go to (3) 	AER will issue a Closure Order to suspend the well licence

- b) _____ elects to **transfer the well** to a licensee who has the mineral rights.
(Licensee name)
- c) _____ has applied to the AE to reinstate the lease.
(Licensee name)

2. CONVERSION OF WELLBORE

Yes, it is _____ intent to request authorization to convert the wellbore to a disposal/injection well. First, apply to AE through the ETS system for the use of undisposed Crown rights. Once AE approval is granted, then apply to the AER under *Directive 065: Resources Applications for Conventional Oil and Gas Reservoirs* in accordance with Section 39 of the *Oil and Gas Conservation Act*.

If neither Options 1 nor 2 are chosen, Option 3 is mandatory. The **well must be abandoned within 60 days of the AER receiving the Declaration Document** stating the licensee’s intent to abandon. **The Digital Data Submissions (DDS) for both downhole and surface abandonments must be submitted within the same 60 day time frame.**

3. ABANDONMENT

Yes, well abandonment will be conducted under AER *Directive 020: Well Abandonment*.

I hereby declare that 1 of the 3 options has been initiated.
