

Ms. Nikki Sitch, President
Canadian Association of Petroleum Landmen
1600, 520 – 5 Avenue S.W.
Calgary, Alberta
T2P 3R7

Dear Nikki,

The Board of Directors of CAPLA are pleased to inform you that we are supporting the CAPL initiatives to update the Farmout and Royalty Procedure, the Overriding Royalty Procedure and the Operating Procedure. You can include our support as you announce the new documents using the following statement:

“The Canadian Association of Petroleum Land Administration joins with other oil and gas associations to support the recently completed CAPL initiatives to update the Farmout and Royalty Procedure, the Overriding Royalty Procedure and the Operating Procedure. CAPLA believes that all industry procedures should be reviewed on a regular basis to ensure that industry standards adapt to changing business needs and retain integrity and value.”

Thanks to Jim MacLean, Lynn Gregory and CAPL for all your dedication on behalf of the industry.

Sincerely,

T. Cathy Miller, CAE
Chief Executive Officer
