Dear Nikki:

Re: 2015 CAPL Operating Procedure, 2015 CAPL Farmout & Royalty Procedure and 2015 CAPL Overriding Royalty Procedure

The Explorers and Producers Association of Canada is pleased to provide our support and endorsement for CAPL's updates and improvements to these widely used industry standard documents.

The increased attention and emphasis given to horizontal drilling and multi-well pads are particularly welcome along with the other improvements which we believe will prove useful and deliver significant benefits for our member companies and the industry as a whole.

We extend our appreciation to CAPL for undertaking and completing this important work.

Sincerely,

Gary C. Leach
President
The Explorers and Producers Association of Canada
