Dear Larry,

Subject: Petroleum Joint Venture Association's review of the 2017 CAPL
Property Transfer Procedure

The Petroleum Joint Venture Association (PJVA) is pleased to provide its acceptance of the CAPL 2017 Property Transfer Procedure (PTP). PJVA recognize that although this document is not a PJVA agreement and therefore not ours to specifically endorse, we do feel that it should serve industry well for small low complexity deals.

PJVA commends the work done on this document and wishes to thank CAPL and its volunteers for undertaking this task.

Sincerely,

Tracey Moore-Lewis
President
Petroleum Joint Venture Association
