Experience

2012 - 2017

VP Land

Spry2 Energy Inc.

Calgary, Alberta, Canada

- Developed and implemented corporate strategies to establish core operating areas and pursue new exploration areas with a focus on Cardium oil resource plays.
- Negotiated a multi section farmin which lead to a Cardium light oil pool discovery, entered into multiple swaps, acquisition and farmins to expand position within tightly held lands.
- Completed one corporate acquisition and acquired one company from CCAA process.
- Company production grew from startup to reach a peak of approx.2,000 Boe/d with a drilling inventory of over 80 oil opportunities.
- Managed all terms of company mineral leases and contracts.
- Corporate contact for all 3rd party property brokers.
- Reviewed and sourced new opportunities for corporate growth.
- Managed multiple property sale processes as part of the corporate sale of Spry2 which closed in September 2017.

2011 - 2012

VP Land and Business Development

Molopo Canada Ltd.

Calgary, Alberta, Canada

- Managed all aspects of company mineral land holdings in Canada and Texas. Canadian assets included lands in Manitoba, Saskatchewan and Quebec.
- Negotiated and coordinated land acquisition activities in Texas in shale plays resulting in 2 core areas.
- Reviewed and sourced new opportunities for corporate growth within Canada and US.

2005 – 2011

VP Land & Marketing

Orleans Energy Ltd.

Calgary, Alberta, Canada

- Assembled large exploration positions in Kaybob, Waskahigan and Ante Creek areas focusing on the Montney.
- Completed three corporate acquisitions providing entry into core areas and negotiated multiple follow up farmins and property acquisitions to expand

land positions.

- Orleans' production grew to over 4,100 Boe/d prior to being taken over by RMP Energy; RMP grew its production in excess of 13,000 Boe/d primarily from Orleans' Montney assets.
- Marketed and completed multiple asset sales of non-core properties.
- Managed all company land activities and supervised Land Admin and Land Contracts groups.
- Managed Natural Gas, Crude and NGL marketing activities including day to day operations and contract negotiations.

1999-2005

Land Manager (Senior Landman)

Husky Oil Operations Limited (Renaissance Energy Ltd.)

Calgary, Alberta, Canada

- Land Manager for Landmen in the East-Central Alberta and Southern Alberta/Southern Saskatchewan Business Units comprising production of approximately 100,000 BOE/d.
- Responsible for direct reports performance evaluations, goal settings and compensation reviews.
- Developed strategies for area teams for land retention, property dispositions and 3rd party capital commitments.
- Prepared weekly and monthly activity reports for senior executives.
- Prepared Land related input for annual budget process.
- In addition to the Manger role, retained an active Negotiator role for Central Alberta team handling all negotiations, land sale activities and tenure management.
- Identified acquisition opportunities.

1996-1999

Senior Landman

Ulster Petroleum Ltd.

Calgary, Alberta, Canada

- Conducted all negotiations for farmins, farmouts, acquisitions and dispositions for the exploration and development teams in Northern Alberta and BC.
- Focus on new exploration areas.

1993-1996

Landman, Negotiations

Saskoil/Wascana

Calgary, Alberta, Canada

- Responsible for all aspects of Land Negotiations for West Central Saskatchewan and Eastern Alberta business unit.
- Managed all Crown land sales in Alberta and Saskatchewan and all Freehold acquisitions.

1992-1993

Asset Manager

Pasqua Resources Ltd.

(Saskoil –Saskatchewan Oil and Gas Corporation)

Regina, Saskatchewan, Canada

- Managed Saskoil's non-core properties through its subsidiary Pasqua Resources Ltd.
- Responsible for Northern Alberta properties with the focus on individual property dispositions.
- Coordinated all property evaluations and joint venture operations.

1989-1992

Contracts Coordinator

WesCana Energy Marketing (a Saskoil Company)

Calgary, Alberta, Canada

- Managed all Saskoil's long term reserve dedicated Natural Gas Contracts and new end-user contracts being entered into in the newly deregulated environment.
- Responsible for all Nova Natural Gas Transmission System transportation requirements to meet company's and 3rd party's requirements.
- Managed 3rd party supply pool supporting long term contracts with reserve dedications.

1987-1989

Supply Analyst – TransGas

Joint Venture Coordinator – Sask Power

Education

University of Regina, Regina Saskatchewan

Bachelor of Business Administration Degree
